Fresh off the runway, get your one one-day

Put your hands up, put 'em where my eyes can see
What's up, you know you wanna party with me
Let's fuck, we wilding in the place to be
Bitch quit playing
Put your hands up, put 'em where my eyes can see
What's up, you know you wanna party with me
Let's fuck, we wilding in the place to be
Nigga quit playing

Catch me riding solo, Purple Label Polo
Paparaz' photo my side bitch in Manolo
It's all about dough though, my knuckle game like Cotto
Plus I get to shooting, but keep that on the low though
(Hey!) Nigga, I don't really got to talk about it
Me, I get paper, moves I make major
Shoes I rock - gator, wing tips player
My style so pure, I'm so couture
I'm down by law, certified B-boy
Hold up, wait a minute, money - I'm gonna spend it
Or why the fuck would I hustle hard to get it?
So many flows, the hoes be on the di-dick
And when they pop it and lock it, they know I'm with it
Dame lingua, give tongue while I hit it
She a star, fresh from PR
Give me more, baby give me more
