

## Words from Eminem

50 Cent

Marsh' knows man  
Talk tough, 'til you get cuffed and start tellin, damn~!  
Everyday I shot a new bitch  
And when I'm done with her it'll look like...

At first they didn't want me, now they want me  
See a nigga gettin paid they wanna push up on me  
You should see these hoes chasin a nigga  
I have 'em in the hotel tastin a nigga  
50 like a lollipop, lick me baby  
Then lick Dr. Dre and Shady, OH~!
