

Golden Ocean

50 Foot Wave

Your baby takes your balls
And gives you back your teeth
Your baby takes your balls
And lights a fire in your belly

A sweaty pepper thing
How do we keep it clean?
No snow, no rain
How do you expect to keep this place clean?

LA, LA

Sugar pills make bitter spit
And glitter skin, but then
Golden sugar skin
Sugar skin and a golden ocean

Your baby joins your party
Kicks you out the door
Your baby is your mardi gras
In glitter and confetti

A sweaty pepper thing
How do we keep it clean?
No snow, no rain
How do you expect to keep this place clean?

LA, LA

Sugar pills make bitter spit
And glitter skin, but then
Golden sugar skin
Sugar skin and a golden ocean
