

Chicago

54-40

Coming in on the I-94
Chicago I'm so excited for the night

Well it was about 20 minutes after 4
We just rolled in on the 94
The band's gotta play a gig tonight in Chicago

Well I figured there just be a motel somewhere
I figured that we could just show up and declare
But apparently that's not the case
And now I got egg on my face 'cause

I never been to Chicago before
I guess we'll have to sleep on some fan's floor
Sorry about this situation
In Chicago I didn't know you need a reservation

Well the boys they got upset with me and said
Hey Oz how could this be
Come on Oz tell us it's just a dream
And I said no boys I don't know boys this never happens to me

I never been to Chicago before
I guess we'll have to sleep on some fan's floor
Sorry about this situation
In Chicago I didn't know you need a reservation

Oz-burger what have you done
Oz-burger we're all done
Oz-burger what have you done
Done done done done done

I never been to Chicago before
I guess we'll have to sleep on some fan's floor
Sorry about this situation
In Chicago I didn't know, I didn't know because
I never been to Chicago before
I guess we'll have to sleep on some fan's floor
Sorry about this situation
In Chicago I didn't know you need a reservation
