

See her walk the edge a halo fair
Down by the water she takes off all her clothes
Steps in cleans her soul flowing in the afterglow
I can imagine her now

Dear what do you feel
What do you fear
How did this happen

It's easy to get out of life when you're civilized
Should have heard it mentioned once before

Dear what do you feel
What do you fear
How did this happen

Wave by the shore is slow say good-bye to those
you know
Seems like a world from here
Up in the highest tree there is a spy who sees
Casting a solo shadow

Dear what do you you feel
What do you fear
How did this happen

I don't know no what I want to say
I don't know what I want to do
I don't know what I want to be
I want I want I want
I wanna hang on to you
Hang on to you
Hang on to you
