

Boy talk, girl talk, everybody gets off
Echoing the news
Half said, half sung, never any reason
Nothing else to lose
Yeah, yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah, yeah

He said, she said, together, they perceive that
The mood make the choice alright
Inbred, tube-fed, diet of the undead
No revolution inside
Yeah, yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah, yeah

Somehow, I lost my meaning
I can't remember what happened to me
Somehow, I lost my meaning
What am I if I'm not who I am

Ego floods you, washing the virtue
You never gonna grow
Knock knock, who's there
Anybody care for the soul, care for the soul
Yeah, yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah, yeah

Charismatic technocrat, got you doing this and that
Don't listen to the crook
By the scale of the lie, you could wither and die
While you're hanging on the hook
Yeah, yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah, yeah

Somehow, I lost my meaning
I can't remember what happened to me
Somehow, I lost my meaning
What am I if I'm not who I am, gotta be

Somehow, I lost my meaning
I can't remember what happened to me
Somehow, I lost my meaning
Somehow, I lost my meaning
And I want it back...
