

Keep on Walking

54-40

We don't know where to go
We don't know where the road is leading
And right now, why don't you tell me
If I'm needed

Because I like you
I can see you carry a dark and heavy load
A rough place, a bad space
You have no control

And oh, it's not what you want
It is what you have
So have it
And I can tell
You are walking through hell
If you wanna find peace
Keep on walking

I don't know what to say
When I look in your direction
I don't mind showing you
Your reflection

And oh, it's not what you want
It is what you have
So have it

I can tell
You are walking through hell
If you wanna find peace
Keep on walking

It seems to me a simple thing
For harmony and love and peace
To find a niche, find a breach
Find a place where you can breathe
And I know you know what you need
Tender-hearted bravery
So just give up what you believe
Live in aching honesty

I can tell
You are walking through hell
If you wanna find peace
Keep on walking

I can tell
You are walking through hell
If you wanna find peace
Keep on walking

Keep on walking
