

Laughing

54-40

Here am I laughing inside
'Cause I don't know much about these times
So, I decide to make it my life
Just to search my mind, make up a rhyme of love

Now if you're gonna be laughing at me
Remember one thing, I didn't bring
Those terrible games of greed and hate
And I don't hesitate to show my face and say...

Hey
I never learned those games
I don't know those games
And, baby, I can't play

Now if you're gonna be laughing at me
I suggested you test your own best guess
And when you know me, you'll know what I mean
I don't chase windmills, that's not my scene, I'm clean

I guess my ma and poppa raised me good because
They told me, "Son, you know it can be done"
And I don't believe in pain, I don't believe in lies
And I couldn't recognize your disguise in...

Games
I never learned those games
I don't know those games
And, baby, I can't play

Here's what will matter in the end
How you lived your life
Is all that matters
In the end

Now if you're gonna be laughing at me
Ha, ha, ha, ha...
Now if you're gonna be laughing at me
Ha, ha, ha, ha...

Ha, ha, ha, ha...
