

You gotta look up, you gotta look up  
You gotta look up to see the sun  
You gotta get up, you gotta get up  
You gotta give somebody some  
Always the world looks like a raw deal  
Somebody, somewhere, they need to heal  
One act of kindness is worth more than you know  
Greater than the attentions of a million dollar show

So come on now and gather around  
It's not what we built, but what we knock down  
Hey, don't worry, whatever comes along  
Just gotta hang on

Life goes on, life goes on  
Trouble of any kind starts to show up your way  
It's not your fault, we all have bad days  
So take your time, let things pass  
'Cause by tomorrow it'll be the past

Hey, don't worry, whatever comes along  
You just gotta hang on  
Life goes on, life goes on  
Life goes on, life goes on

Gonna make an observation, hope you don't mind  
What you're thinking is making you blind  
Who bosses who? Your fear or you?  
What you gonna do to stay true?

Hey, don't worry, whatever comes along  
Just gotta hang on  
Life goes on, life goes on  
Life goes on, life goes on

Life goes on, life goes on  
La-da, da-da, da-da-da-day  
Life goes on, that's what they say
