

Not Enough to Make You Happy

54-40

Never know, never know what makes you happy
Even though, even though you're not too sad
I wonder, wonder, wonder what you'll do
You keep faking, faking it through

Don't make me lie to you
All I'm gonna do when you're like this
I'm gonna lie to you, all I'm gonna do, all I'm gonna do
Lie to you, I'm gonna lie to you

Not enough, not enough to make you happy, happy
Even though, even though it's not too bad

Don't make me lie to you
All I'm gonna do when you're like this
I'm gonna lie to you, all I'm gonna do, all I'm gonna do
Lie to you, I'm gonna lie to you, I'm gonna lie to you
I'm gonna lie to you, I'm gonna lie

My love, my love
My love, my love
My love, my love
