```
Someone told me, to live is to die
I never thought it would come to this
Ahhhhhhhhhhhhh!
Like I told you, I did it for you
How could you change your mind?
You're liar
(Save me! I'm calling you! You took my life!)
This is a dirty town, indulging faceless
I think I saw you pass me by
(Save me! I'm calling you, you dug your hole, for my pride! )
Remember me as I drift away
Convert with the voices far away
Remeber me as I walk away
(To live is to die)
Remember me as I drift away
Convert with the voices far away
Remember me as I walk away
Murder!
Lies!
Corruption my life!
My eternal, do you remember?
Can you still hear my voice? From my pride!
(Save me! I, m calling you! You took my life, again! )
It's gonna come around, I'm back to hunt you
Don't think I'll pass you by, No lies!
(Save me! I'm calling you! Your turning me off! )
Remember me as I drift away
Convert with the voices far away
Remember me as I walk away
[X2]
Murder!
Lies!
Corruption my life!
(Naaaaah)
Lies!
Corruption my life!
