

I don't know what's wrong today
I feeling something wrong inside of me
In your winds from the things you say
I feel i`m buring up inside of me
Why do you gonna act this way
I feeling something wrong inside of me
Sitting side of the games you play
I feel i`m burning up inside of me

What side!
I will wake up someday
Wake me up for I drift away
I will wake up someday
Wake me up for I drift away
What side!

I don't know what's wrong today
I feeling something wrong inside of me
In your winds from the things you say
I feel i`m buring up inside of me
Why do you gonna act this way
I feeling something wrong inside of me!
Sitting side of the games you play
I feel i`m burning up inside of me

What side!
I will wake up someday
Wake me up for I drift away
I will wake up someday
Wake me up for I drift away
What side!

Wake!
I don't know what's wrong today
I take the wind from the things you say
Why do you gonna act this way
Sitting side of the games you play
I don't know what's wrong today
Sick of wind from the things you say
Why do you make me feel this way
Sitting side of the games you play

What side! (what side)
What side! (what side)

I will wake up someday
Wake me up for I drift away
I will wake up someday
Wake! Me up for I drift away
What side!
