

Like Shit

55 Escape

I know, im living in the past
Turning out my brain, finally think it`s make it last
To beggin, to be out as you told me
Do you honestly remember what you owe me

Think you know me, think you know me
Think you own me too, think you own me too!

You make me feel like shit (like shit)
I can`t delay to wait (break it down)
You make me feel like shit (that`s right)
I can`t delay to wait

SHIT! (break it down)

Once more, im living in the past
Turning out my brain, finally think it`s make it last
To begin to be out as you told me
Do you honestly remeber what you own me

Think you know me, think you know me
Think you own me too, think you own me too

You make me feel like shit (like shit)
I can`t delay to wait (break it down)
