Make it up

5Angels

```
I saw you with your mother
We just ignored each other
So sad, What happened?
We always danced together
we were friends forever
Don´t know who spread the rumors
but with some sense of humor
We can forget the problůems we had
don´t need no stormy wheater!

Wrong, wrong, who is wrong
when no one is right?
Don´t want to see this hate in your eyes
We know we need each other
We´re like the Jonas Brothers
Wrong, wrong, who is wrong
at the end of the day
Just give it chance
And we´ll be OK
Let´s put and end to this sad story
don´t worry......

Who was wrong and who was right?
LIfe ain´t always black or white
Let´s make it up up up
No need to fight
Who was right and who was wrong?
Can´t we simply get along
Let´s make it up up up
and sing this song

Let´s prove the world won´t tame us
No boy would ever change us
 no you, not me
we will never fall apart
for same stupid jalousy

I know you understand me
WE were born to win a Grammy
They say we´re mind, sick in the head
but we´re as normal as can be

Wrong, wrong, who is wrong
when no one is right?
Don´t want to see this hate in your eyes
We know we need each other
We´re like the Jonas Brothers
Wrong, wrong, who is wrong
at the end of the day
Just give it chance
And we´ll OK
Let´s put and end to this sad story
don´t worry......

Who was wrong and who was right?
LIfe ain´t always black or white
Let´s make it up up up
