

## Full Throttle

6 Dogs

Go 'head O  
Danny I see you

Polaroid pictures, I was stuck in freeze frames  
Zoomin' on the freeway, never touch the damn brakes  
Face full throttle, purple kush, purple haze  
Booted up all week, mood so I replay

Never know what day it is, my life is like a vacay  
Throwin' up in bathrooms, guess that's just the price I pay  
Smoked out the lobby, they said we had to vacate  
I be on my grass, swiping ten on an off day  
6 Dogs Waldo, it's kinda hard to find me  
Watch come from Finland, can't even read my timepeace  
Prom fake, on stage, got the crowd jumping  
Windows shake, dashing, in the car bumping  
Kush came from out of state, don't know what I'm smoking  
Bong hits, I'm toking, abuse pack, I'm choking  
Prada on my clothing, streetlights we glowing  
Green lights and we going  
Sippin' cheap wine but we smokin' on expensive weed  
When I was in school, my teachers they didn't believe in me  
Now I'm wearing good designer, yeah it kinda cost a fee  
I'm eighteen but I'll live 'til infinity
