

Next Level

6 Dogs

Yeah
Yeah, Yeah
Yeah
Brain freeze on my
I need diamond grills just for my dental
For the only thing
For the only thing

Brain freeze ice on my mental
I need diamond grills just for my dental
Money only thing that's on my schedule
Turn it edible, yeah that's full mental
And it'll stir it up
No I cannot settle
Scooby do these rappers really like to metal?
Hit the gas, hit the floor with the pedal
And we skirt off to beat the next level

This
Video games
Chills
Yellow bagged lays
Wrist
Imma take em all day
Don't care what you say
Help is on the way yeah

Detail
Pay attention to the, details
Imma make it rain freeze
Imma make it hell
Took a break from ballin'
Now I'm here early in the morning
Cross over now I'm scoring to the bank
And I'm laughing
Try your luck
Lotto ticket scratching
If my life were a movie it would be action
Run the set and say action
Feel like Terminator
I've been online
It's the right thing
Just the wrong time
Now scratch that
It's Gucci backpack
Bring the raps back
And the kids in the class
