

# Spaceship

6 Dogs

Hood rich bitch

It's a big world I'm just coolin'  
Make the money do a backflip  
It's a big world I'm just coolin'  
Whip a Lamb' like a spaceship  
It's a big world I'm just coolin'  
Make the money do a backflip  
It's a big world I'm just coolin'  
Whip a Lamb' like a spaceship

I don't wanna talk now, I just want that guap now  
Shorty bring them racks out, watch me fucking ball out  
Backwood coughing, gas got me nauseous  
Got 'em all plotting, fakes got me cautious  
Don't care what you feel like, glowing like a night light  
Don't care what you feel like, need my hunnids real tight  
Money do a backflip, money do a cartwheel  
Cash do gymnastics, don't care how these scrubs feel

Smoking good pressure  
Smoking good pressure  
And I can't feel the pressure  
Money on the dresser  
I'm smoking good pressure  
Smoking good pressure  
And I can't feel the pressure  
Louie on the leather

It's a big world I'm just coolin'  
Make the money do a backflip  
It's a big world I'm just coolin'  
Whip a Lamb' like a spaceship  
It's a big world I'm just coolin'  
Make the money do a backflip  
It's a big world I'm just coolin'  
Whip a Lamb' like a spaceship
