

Spooky

6 Dogs

Yeah, yeah, yeah
(Blacky went and caught a body)

Young 6 Dogs, 19 in a 'Rarri
Skrرت off real fast, put a bag in a carseat
Pull up to the function, no I cannot function
Whip look spooky, glowin' like a pumpkin
Young 6 Dogs, 19 in a 'Rarri
Skrرت off real fast, put a bag in a carseat
Pull up to the function, no I cannot function
Whip look spooky, glowin' like a pumpkin

All this money fallin', watch it drop like autumn
Ain't no other option, stunt like a problem
Don't let 'em tell you different, we shine 'cause we different
On my grind like kickflip, get it in a instant
Count the money, bill flip, burn it like it's incense
Louis V's big print on a scale of one to 10
I'm a six, where you been?
Gettin' bread with my friends (With my friends)
In a Benz, designer lens
