

The Dash (Mindframes)

6 Dogs

Yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah

This beat make me feel like I should blow back
This beat make me feel like I won't go out sad
Cause this week my bank account on smash
Hundred on the dash, whippin' kinda fast
This that heat right here, can you feel it?
Let's meet right back here next Tuesday
High def diamonds, racks on blu-ray
Lost what I knew, oh wait it's a new day

I wanna know what's at the bottom of the ocean
I'ma drop the top if the doors won't open
Maserati trident wet like Poseidon
We be makin' waves, we ain't really even tryin'
The way that we vibe got it down to a science
Lui on my belt at the stars of orion
This a new wave, you can tell by the motion
Dreams like a river, got a bed just to float in

And we floatin'
And we floatin'
And we floatin'
Slow motion
Slow motion
Slow motion
Slow motion
Slow motion (Yeah)

This beat make me feel like I should blow back
This beat make me feel like I won't go out sad
Cause this week my bank account on smash
Hundred on the dash, whippin' kinda fast
This that heat right here, can you feel it?
Let's meet right back here next Tuesday
High def diamonds, racks on blu-ray
Lost what I knew, oh wait it's a new day

Oh wait, it's a new day
Blue sky, yeah, I'm whippin' on the freeway
Always lookin' for a good time these days
Always lookin' for a good time with the gang
Are you down to ride 'cause you know I don't do fake
Benz truck, Range Rover, those are not the same thing
Paint a pretty pic in my mind on my mind frame
On my mind frame

And we floatin' (yeah yeah yeah)
And we floatin'
And we floatin'
Slow motion (yeah yeah yeah)
Slow motion
Slow motion
Slow motion
Slow motion
Slow motion
