

## Turtles

6 Dogs

You can't tell, but I'm not really here  
All this guap, coming in for next year  
Windows down, I like the cold air  
Ain't no frowns, I'm glad that we stayed down  
In a Dream House, I feel like a Barbie  
Now I'm in the Audi, switch lanes it's gnarly  
When I get smiles, try and disarm me  
Money in a pile, really out here counting

Yeah, we really out here counting, yeah  
You say you won't amount to nothing, yeah  
So you better get to stunting, yeah  
Windows down, make it colder, yeah  
More life when I'm older, yeah  
Yeah we kick it like punting, yeah  
Group chat talking money, yeah  
Robbin Williams, Goodwill Hunting

Space dust where my lungs be  
Gold all on my feet I'm feeling sparkly  
Bought a new chain  
Broke the bank, hardly  
Paint your house like Barbie
