

Yeah

I can take you to the water, I can't make you drink  
Nigga say it's up we gon' fuck around and sink  
If it ain't 'bout money 'what the fuck do it mean?  
I'm the young nigga with' them racks in my jeans  
This rappin' shit fun but they know that I'm street  
The 80.30 is hotter than heat  
C Styles on the way like a mofuckin' baby  
When you come home you know we go crazy

Pockets fluffy 'cause we come from [?]  
Add up the cake, subtract the fake  
Today ain't my birthday, I'm smokin' on Wedding Cake  
Everyday my birthday when I'm havin' that cake  
Niggas in my hood been squad forever like Derek

He never brought that up, now he on a shirt  
Went out bad trying to prove he not a hoe  
Yeah, stick on me and I'll still cut your throat  
Racks on me and you know I can't go  
Real nigga, momma ain't raise no hoe  
Yeah, if it's 'bout beef then we eat like kitchen  
It's beef, shoot a lot like Pippen  
Play with' the clique get dipped

I can take you to the water, I can't make you drink  
Nigga say it's up we gon' fuck around and sink  
If it ain't 'bout money 'what the fuck do it mean?  
I'm the young nigga with' them racks in my jeans
