

## Dead Soul

645AR

If it's up, I ain't doin' no white flag  
Chopper get to barkin', it bite back  
Nigga gon' get popped just like a tag  
I'm chasin' racks while the feds chasin' me  
Two Glizzys on me, but I need like three

I always kept the fire, I ain't keep up with no trends  
Y'all better hope I sign before I start robbin' my friends  
S.O.S. my brothers, nigga, I don't do no friends  
Ride with my bros, ride to the fuckin' end  
Nigga passed me a Draco and I just gave it a name  
On the way to the store, it's just me and the flame  
Hold on, me and you can go up just like a dead soul  
When it come to beef, I do not let go

If it's up, I ain't doin' no white flag  
Chopper get to barkin', it bite back  
Nigga gon' get popped just like a tag  
I'm chasin' racks while the feds chasin' me  
Two Glizzys on me, but I need like three (It's on me)
