

Distractions

645AR

(Don't play wit him)

I'm clutching the fourth just like Kobe
All these pussy niggas think they know me
I can't hear shit, you gotta show me
I could never let a nigga hold me

Two TEC's on one point like a PG
I know a couple niggas hate they can't be me
I ball just like [?] when they see me
Couple clips when I'm talking 'bout six feet
If you wanna check, just get off your ass
You the same nigga that got bullied in class
You a bitch, you thought we forgot
I'm EBK, bitch, everybody shot

For real man, made a check off fractions
Ain't have a way but made it happen
Your bitch ain't nun but distraction
I was on that block, pistol packin'

I see that boy, gotta clap him
Gotta list of niggas that I'm slappin'
You finna be thirty, still rappin'
That shit trash, ain't gon' happen
Bitch I stay silent, stand on ten toes
Bitch free [?] that's the big bro
[?] it hung out the window
I'm tryna light you, bitch I'm a lightshow

I'm clutching the fourth just like Kobe
All these pussy niggas think they know me
I can't hear shit, you gotta show me
I could never let a nigga hold me
