

Don't play with him  
(Hood rich, hood rich)

Riding dirty, caught a case  
Paid my lawyer twenty K  
Told him beat it, just like MJ

Bad bitch look like Kim K  
I turned lil' ones into soldiers, you could call me sensei  
Ridin' 'round with this Glock .23, nigga play, I'ma shoot like MJ  
Boom, disrespect, put your mans on the news  
Earned my respect, niggas know I'm a fool  
I heard their threats, but I just play it cool, uh

Glock .23, that's LeBron on the Lakers  
I be with the real, I don't fuck with the fakes  
Take a shot to the leg, now the bullet won't trace  
Might pop me a perk, I'm sippin' on lean  
Your bitch on her back, I might damage her spleen  
And that strap on me every time I'm on the scene  
You can't walk in my shoes, you ain't livin' my dream  
Don't [?], man, it ain't what it seems  
I'ma get me some money and stack it, then split up  
My foot on they neck, I ain't lettin' my foot up  
I got head from them racks and you wishin' you could've  
Got that gun on your side, now you're wishin' you should've  
When the cops get behind you, make sure that it's put up  
I ain't fold in the courtroom, lil' nigga, I stood up  
I don't fuck with the police, they lookin' for clues  
That nigga a bitch, said he lookin' for who?

Keep some shooters by my side  
They the trigger when it's time to slide  
Play with them sticks just like I'm five  
You lose your life tryna play both sides  
In the A, [?] rounds  
Look around (Look around)  
You get pow, pow  
All these gon' niggas hold you down (Hold you down)  
I still took a 30  
Like where the hundred rounds (Hundred rounds)  
And they shoot yo ass and we ain't pay them though  
We just gon' spin around  
Get you gunned down  
Stack or Starve, can't drown  
Same nigga been around

Riding dirty, caught a case (Fuck)  
Paid my lawyer twenty K (Aw shit)  
Told him beat it, just like MJ
