(Don't play wit him)

That [?] where I'm from
I don't play 'cause I am the one (the one)
And these niggas ain't did what I done
You could never beef with a bum (you could never)
When I see him, don't run
Lil bitch you better have your gun
If you fuck with 'em, better duck with 'em
If it's up it's stuck bitch we don't fuck with them
