Its sum about you
You do sum to me
Make me feel sum way
The way I feel about you
Nobody will take yo place
Babygirl I need you
I can't move this way

There's sum bout u
U do sumthin to me make me feel some way
The way I feel about you
Nobody will take your place
Baby boy I need you
I can't feel this way

You don't understand my pain

With out you I'm not the same

Bad ass bitch to keep me sane

That ride or die bitch I ain't playin

Yea yea yea yea

I just cannot let you go
Me and you gonna get this doe
I just wanna see you grow

Anything you need

Girl I swear
Life without you

Ride with me till da wheels fall off
Life without you

Baby you make me a boss

There's sum bout u
U do sumthin to me make me feel some way
The way I feel about you
Nobody will take your place
Baby boy I need you
I can't feel this way

Cause I'm your girl
Diamonds and pearls
Purple rain up in your world

Cause I would never leave or desert you no
So let me put my sugar upon you

You don't understand my pain
Without you I'm not the same
Bad ass bitch that keep me sane
