Hello? Yeah, what's up with you?

What you talkin' about? Why you actin' like that?  
You can't just do what the fuck you wanna do  
Yeah, I will take you

Baby, I got what you need  
I'ma sweep you off your feet  
Oh shit, unlock you with a key  
A nigga like me gon' change your life  
Got a bad bitch totin' them pipes  
All my bitches earned their stripes  
Racks on me 'cause I live that life  
Baby, I got what you need  
I'ma sweep you off your feet  
Oh shit, unlock you with a key  
A nigga like me gon' change your life  
Got a bad bitch totin' them pipes  
All my bitches earned their stripes  
Racks on me 'cause I live that life

Yeah, yeah, yeah  
Yeah, the car push-start, I don't have no keys (No keys, no keys)  
Made five-hundred K racks off my streams  
Niggas broke, man, that shit is embarrassing  
I just fucked this ho', but this bitch not American  
Gave me crazy head, left me right in the therapist  
Young nigga, yeah, I'm, rich and I'm arrogant, yeah (Rich and I'm arrogant)  
Broomstick, sweep him right off his feet  
I made fifty K while I was sleep  
Goddamn, it feel good to be me (Yeah, it feel good to be me)  
I stay fly and I sting like a bee  
We can fuck, but just keep it discrete  
And baby girl, there is no you and me

Baby, I got what you need  
I'ma sweep you off your feet  
Oh shit, unlock you with a key  
A nigga like me gon' change your life  
Got a bad bitch totin' them pipes  
All my bitches earned their stripes  
Racks on me 'cause I live that life  
Baby, I got what you need
