

Prince Of Darkness

666

God...?

I'm not quite sure in what I believe
Should I follow you, or him?
He promises me the world, a whole life
Just join hands and let us follow the evil
Oh God, oh no God have mercy!
Forgive me

The prince of darkness!

Come my children
Time is getting late
And space is getting bounded
It's time to enjoy your sins
Just look up to the man in the mirror
And come..
From out of the shadow
Into the light
I guide you to a place on earth
Where you have never been before
I stimulate and activate your brain
Adrenaline is floating through your veins
Do you reach out for the climax?
Wanna touch the sky?
The sky is the limit

You can't leave the circle of insanity or serenity
Do you have faith in the Lord above?
Do you want to be free?
Release yourself and follow me
The prince of darkness, the prince of darkness

The prince of darkness

The prince of darkness

God...?

I'm not quite sure in what I believe
Should I follow You, or him?
He promises me the world, a whole life
Just join hands and let us follow the evil
Oh God, oh no God have mercy!

The prince of darkness

The prince of darkness

The prince of darkness
Forgive me.
