

Chop it, chop it...
Had to lock it...
Business man...
Waps 4 days...
Never stop it...
Business, business man
Buy and sell for profit (Ayy, Ayy)
Still splash man down (Errr)
Or make that dotty vomit (Yuck)
Chop, chop too long
Had to lock it (Chop)
Waps 4 days
CID can never stop it (Trident too)

When Sav got ching twin

When we do man dirty, I'm scared at night
I don't wanna be in no cuffs
Take risk man yeah is a must
Gyallie on me, we no bluff
They try sell man won't cuffed
But even a badman needs some love
Money on my mind when I wake up
Cos that's where I show my love
Everyone talks about money
Well, better man do lots stuck
Hammers 4 days
We could be paying your mums
Skengs ain't cheap
And it gotta pay rent at drums
Blow that wistle, errr
Make you could hold that drum
In skengs we trust
But the mash right jams
So we bring dem splashers too
And we get down man
Bussing red lights
Screaming out gang
How many times?
Got love for gang
Get down man and get dem bands
Yeah that's a sixty plan

Tryna stuff .45 corn in the dots
File it down, let it pop
Skid round der with a 30 shot
Tryna rinse mans block
How many waps we lost?
How man waps got copped?
Trident onto the kid
Why you think my block stays hot?
Dis beef will never stop
Still tryna put our face on the top
He ain't involved
But he's been in vids, he can still get rocked
How many times did we got round there and a opp got got?
Your darlings know you're under pressure
Every motive gets locked
The new Snapchat got me vexed right now
Cah its harder to pree these opps
But I don't give a toss
Fill up the ride and lurk non-stop
Me R6 and Trap, creeping for hours
Hope we don't get clocked
Jump out on violence
Better pray that your car doors locked
