

## Crazy Year

67

Still working hard all year  
It's been a crazy year  
Spent nuff racks on life and bills  
And still put 20 over there  
Spent nuff racks on war and waps  
Cah we keep them things over here  
CID's been on my case for years  
So pissed I caught a case this year  
The blocks too flaming hot, like Dubai  
I love being here, but I hate being here  
Drillers and chingers for any violations  
If its over there, blood spill it over there  
I make so much racks but I shoulda had a million  
But I'm nowhere near  
Bro stepped in with his wrist on brr  
He coulda bought a car, he coulda bought a square

My bro coulda bought a big one  
That don't really matter  
I could still walk in a room and just pick one  
Like who you wanna slide on? Pick one  
I know you're thinking reah  
If I ever get spun  
I know what I lose let me make this clear  
But still man I take it there  
Still man I do it with bros  
Rolls and rolls  
G money stepped out, VVS shining thats rolls on rolls  
How's man bragging bout O's of snow  
When you probably got it from Rose  
I walked out 5 racks up, then I walked in the venue broke  
Life of a 60 driller  
Who you know thats realer  
See how I handle the coke and a spinner  
Same way I control that dinger  
With my bro inside  
Double tap that nigga  
I coulda been M, Snoop, Conz  
Theres too many drillers

Still working hard all year

Everyday another new hoe's tryna flirt  
But I don't really care  
You know I like brown skin girls with curves  
Straight or the curly hair  
Or do bad ones looking for it and stretch that one  
When she sleep, its the best  
Still got beef in the streets  
I brought that there, If they run up, I'll spark it in there  
Fuck yeah, yeah  
Bro walking with a chopper like this one rare  
When I pull up in 4 door trucks  
I see man clear, run, dissappear  
Couple man freeze up live  
Stop and stare, get stoned and fair  
Feds kick through my place  
Looking for things, lifting pillows and chairs  
An interview room, no comment  
But why these feds tryna get me scared  
You know I find the pigs them weird  
And niggas get hit and remix stories  
You laugh, and the opps dem weird  
And hoes give it up and talk about bae  
You know I find the hoes dem weird
