I'm a G, I can't get G checked  
In the party I step, barbies get wet  
I ain't seen brodie in a sec, what the heck  
Why you think I hate the mek  
I don't live my life of regrets  
No regrets, open chest  
Vio, no no, I can't accept  
Hand tings get pressed if you're on my set

4 quid in a day, man haffi invest that  
Stretch that  
If my phone ain't on I'm bored  
I phone up bro tryna slap out headbacks  
Normal day if you see us in jet black  
But if you ever see me with the gang  
Dressed like Chance, rudeboy you best get back, get back

I love a Glock, dots or the fours  
But I might dinner date with a PR  
Shouts out bro, hes a 60s gleer  
No facemask on, he'll dm Peter  
They know who we are, wouldn't wanna be ya  
Dun make the waps dem sing like Aliyah  
We the man, roll like North Korea  
Leave me alone, let me sort my career

Are you taking the piss?  
Of course I'm trying  
Why you think half of my batch on the wing  
Age don't matter when you're in them vids  
You can still get chinged for runnin' them lips  
To shit, he shot and missed  
Fill up the dings, lets take a trip  
And we're coming equipped

Come round here, and were going back round  
No doughts, guarantee I'm tryna make them drown  
Talking a lot while I sort my sounds  
It's all fun and games till we get them down  
Clocked my grey jumper and pounced  
Got me swinging here now or you might hear bow bow bow  
Do it and bounce  
Yeah we do it in ... and we do it in ...

My aqua the best he's smokey  
But he gets devious with that cutter  
2 waps up on smoke, thats smoked  
And came in a duo and got down ...  
Donna kebab when we got down ...  
Tapped that blade and spread his flesh like butter  
Think you're bad in that fuck off jacket  
Man will come round there and ruin that puffer

We was on the ends, but the back bit

Testing out buyers that we got for the mac clip  
In the parkside everyone's active  
Real nigga flew, everyone's contracted  
That's on my head, not right I move sick  
Just to do me a mad ting  
With the 9mms to a backflip  
Or the .442 like a tactic

More packs pending  
Rolled up a 41 when I heard about ...  
Don't get caught by the guys on the ride  
Cause you might just end up trending  
Had your name in your bro bro's mentions or bio  
You know the gangdem can't sleep on a vio

This ... yutes must hate it  
All their taking is Ls  
They tried drill it and failed  
Next week gang gang my man to hell  
This is real life, I ain't telling no tales  
I've been sitting in jail said time would tell  
Remand for an M, I didn't get no bail  
I know I ain't telling no tales

I got a leng one called Rita  
I'm feeling the aura but her attitude stinks  
Hop in the dings and swing, ching  
Any opp I catch might swim  
... come dead like ...  
Bros to reckless, I swear he don't think  
And if ... boys are miserable  
Why can we put ... in a spliff

Yard man told me haffi easy  
I ain't never been no tea leaf  
And ya can't tek mans tings like DV  
But fuck it lets be cheeky  
Cah I swear bro bro put a 12 in his face  
Cause his eye wanders like Stevie  
And the next man wanna put corn on the man  
And his relative was doing my GG

Held two in his back  
It was a double tap  
He didn't get to do one lap  
This is real rap, no cap, straight up facts  
Bad man don't take backchat  
If you ain't with the gang you could get backstrapped  
R6 on the ride coming like a satnav  
We just spotted some guys its about to get mad
