

Ten toes step  
Let's lurk on these men  
Poled up, poled up  
And I got 2 in the hearse  
15 inch or a flick  
I'm gonna do him worse  
Your worst nightmare in the streets  
See me best dispurse  
Best dispurse  
Me and Itch hit you up  
Beg you go see nurse  
Things and stuff when we step  
Niggas know when man lurk  
Skrr, bow, there's 10 man der  
There's 10 man der

I double tap on the shotgun and I don't think first  
On the ride me and R6 and we doing up search  
Spinner on the dings, jump out quick  
Slap man, watch man burn  
Smoke man with a double tap just wait your turn
