

## Drillin Off

67

Drillers, trappers  
R6, Itch, ST, Dimzy  
Niggas know  
Money, power, respect

Don't piss my drillers off  
Cause certified man's drilling off  
Hammer time we let spinners off  
Bro foot down, man's skidding off  
Don't piss me off  
Cause CID's tryna get me got  
But I'm still stepping on all these blocks  
With spinners then when we lurk on opps  
I smoke too much pot  
I put on work in on any block  
If I need a stretch, bro whip that up  
Package it them man send it up  
In a party, with a 40  
And hella bitches throwing sixties up  
Skengs in trucks, that's risky stuff  
Skengs in trucks, with these things n stuff

Beef ain't dead, it's cracking  
Sixties are winning the beef  
Why pee yourserf when we come?  
Run off, leave all your G's  
Itch and Siz will skrt round there like who wants tea  
Free Pulla that's bro  
Fuck a judge cause they mocked my bro  
Bang till I'm old  
In skengs we trust, what our code  
Chop up the snow  
Man a banked that, then I do road  
Line on hold  
We do an opp now we can't do road  
You got chinged, how could you leave bro  
Niggas trap so the people will know  
Manna get bits of the amm  
On the ends search round for the low  
Re-up, re-up, three plugs  
If you know then you know how it goes  
We on the dotty, plus the amm  
Laying low dodging plain clothes  
Opps don't come to the 6  
But I'm still lurky with my woes  
Been on the drive with Sticks  
Like who really wan get poled  
Left the 4's in the car  
Can't believe that shit got towed  
Went and got that back  
Losses kills my zone  
Double up when I reload

Smoke on the ride  
And two shells in my pocket  
Ready to jump out  
Jump out gang

I'm itching to pop it  
Sweet up a ting on the ends  
Cause boo I'm tryna make a lock it  
Rage just way too whizzy  
Skrt, skrt, skrt tryna put him on the bonet  
The man there ain't on piss  
They know my face, they know my strip  
We've been putting skengs in 4 doors trucks  
And we've been putting corn in clips  
Ching couple opps down in one week  
That's me R6 and Itch  
We've been scoring points on these jokers  
They got it so hard that they started to sing  
Broski's way too dope  
Still do your work that's Trap or Kizz  
Peng tings wanna be in my snap  
I tell 'em fleek up and throw up a 6  
Cute but she way too needy  
Man she catting for the dick  
Snoop stepped in with the .50  
I was like shit den, shit  
Corn looking fat like Rick  
Mash looking bigger than Tizz  
You don't wanna see us late night  
On the ride just patrolling the Brix  
Couple ding dongs on the strip  
In case we gotta do a nigga that slips  
Selection of skengs cah man ain't fist fighting  
And this ain't no ring

Don't piss my drillers off  
Cause certified man's drilling off

Now them man over there

Cah the heart ain't in it  
You man are proper boy victims  
Come like a pastor and a fisherman  
The way that I baptised him dem
