

Free M Skeng, I ain't seen him in ages  
 Free Mental K, that's my bro from ages  
 On a money hunt so I wake and chase it  
 Pink, purple, yeah I love those faces  
 About 8 o'clock and man's waking baking  
 I don't like the pigs, I don't eat no bacon  
 I don't like the Drive, I don't like them Aigons  
 I don't like the courts, I don't like them stations

Smoking am to my face I face it  
 If I catch a case I'ma fight those cases  
 Back to the money though, back to the faces  
 Run to the money my brudda we chase it  
 He said he traps, cause his packs I'll take it  
 Ask the opps about the 44 when we came through quaking  
 Or the shotgun boom-bow then we dash those casings  
 I ain't tryna catch no more cases  
 Pengtings love me, all different races  
 K Trap whips the white but he ain't no racist  
 Put my shoes on and tie my laces  
 Everyday man's saving wages

They had me locked up, an opp wrote them statements  
 I was in Thameside and Wandsworth baking  
 Couple man had a go but I smacked them paigons  
 They got my drillers locked 'cause we whack our paigons  
 Mix Bel Air with rays hell yeah I'm wasted  
 One gram with a bit of chip, that's ami I'm tasting  
 Still sliding out in 4 doors, hella risks I'm taking  
 44, shoot it off then dump them casings  
 Free Skeng that's bro, free K that's bro  
 I can tell you a number of times when they both had our opp on the ropes  
 If I'm OT I'm licking off both, but moretime I'm shelling down shows  
 Still outside doing 10 toes with a skeng and two of my bros
