

SRB separation confirmed, coming up on uh staging the burn out of these twin solid rocket boosters at two minutes five seconds

Fuck the rap beef (fuck it)
Two waps on the block tryna cause mad grief (two waps)
You won't hear a song me and bronem just clap heat
Swerving kway back done it in a cabbie
Sitting backseat
But frontline when man crack neeks
Niggas don't want war
Big man turn into an athlete
Juggin' juggin' for a mil'
You know I'm tryna live fancy
Drill, trap, rap, bitch
Bitches say a nigga anti
But I still take off the pantie s(come on man)
Gunsmoke for the opps til they can't stand we (ok)
67 I'll drill a man for my family
From kway back had long brooms had to bruk it down it came handy
Free skeng that's bro
He would've gave them shots, not of brandy

I get guwop, guwop like Gucci
Never see me stepping in Gucci
Burberry, Armani more time I'm sporty
Louis stepped in looking all bally
Dsquared jeans them ones are saucy
Still got beef so bring out the 40.s
Hoes and feds are still tryna stalk me
I'm just tryna make me some more P
Milk & Cookies, Skywalker OG (aye)
Smoke your wage with my broskis (aye)
Jog on blocks with my broskis
Long nose flat as stones that's not [?]s
Clip on the side that's a fuck off one
And it's way too roasty
Fuck driving past, man's jumping out
Who cares if the neighbours know me?

Just know that the beef ain't ending
Still got the AK clip extended
This handgun [?] grips expensive
If you see me bun him don't mention
Headshot, that's a instant end ting
Or stab man down with my stainless steel
Cause my stainless steel ain't bending
67, to the world we trending
And I still thank god that's a blessing
6 real in the field no pretending
From kway back we had the skengs, them pressing
Little man what you know about flexing?
Just spent five racks on my pendant (that's life)
Louis's or giuseppes when I'm stepping
Got too much sauce we reckon
Mad neeks looking expensive
(Bare broke niggas tryna watch me yeah?)
(Go and get your money)

Big .44 long when I'm stepping
Man down when I rise that weapon

I get guwop, guwop like Gucci
Never see me stepping in Gucci
Burberry, Armani more time I'm sporty
Louis stepped in looking all bally
Dsquared jeans them ones are saucy
Still got beef so bring out the 40.s
Hoes and feds are still tryna stalk me
