

(Dem man just chat, Dem man just chat)
Dem man just chat like bitches
Everyday I run to the riches dodging plain clothes and snitches
More time man a suspect, never been a victim or witness
Skrr round your block on smoke, can't talk about the things I've witnessed

(In skeng) In skengs we trust that's me and my people (my people)
They're saying the shit that I rap about, is way too illegal (way too illegal)
Bro said he got phones, get grub he got spots like measles
(Pull up Pull up) Pull up skrr bang, that's me and my people

I leave bare man angry they broke (broke cause)
I make P from the moment I woke, still make drinks from coke
(Add that) Add that bosh to the raw, I just redone a whole load
Still tryna see riches, them man tryna please hoes (hookers)
That's why my trap phone blows

I pray to Allah but I do some thing's that are evil (astaghfirullah)
Like bring out the dots, or put the 44 spins in the vehicle
Tryna put opps in a box like cereal
Put holes in your Armani Emporio
Hold corn if your tryna be a hero, go from a hundred to zero
Money don't sleep, and the clock don't stop
And the fiends don't sleep, so the phones don't stop
If it's beef then it's beef, your block and my block
Ten toes in the streets, or in a 4 door truck
You don't know about skengs in 4 door trucks

1 Mac broke backs and stuff
Mana got things and stuff
Back up the things and stuff
Cutting through the city in cabs I don't pay no weight in fares when I'm try
