Wanna know who's my girl?  
Is she white is she black was she realer than you?  
I make her park off my cash  
Got back to the cash Scribz came with a box  
I'm like throw me a pack  
We got skengs on skengs  
We got bands on bands  
We got ammi in packs  
They got drops in the can  
That wasn't the plan  
When he lands he's good  
Straight back to the trap  
They got my nigga in the can  
They got my nigga on a ban  
Saying bro can't rap  
Niggas say beef is a broke man's sport  
But skengs expensive  
No face, no case  
No face, no case  
I ain't sipping for the lenses  
Any pack that I get  
I break it all down and my clientele spending  
Knife work and my knife ain't bending  
All I'm tryna give him gold teeth like a dentist  
I can flip anything I break down am, cocaine and heroin  
Fuck with my dough, I'll burn your face burn all of that melanin  
Married to the money no wedding and I do what I can for the money
