He's been wet and he's been wet  
I can't tell you how much blood we've shed (Lost count)  
The opps send empty threats  
My SAD's done made 'nough bled (Spot and drop)  
In Wano on a stolen ped with lead  
Many time main road left dread  
Smoke in the car, can't stop for feds (Nah)  
Buss red lights bro straight ahead (Ahead)  
Rip, rip flesh (Rip), cause a mess, we love, oh, yes (Ah)  
SAD's put your boys to rest  
Manaman G's can't get G checked (Nah, nah)  
Dotty come long so we chopped it less  
If I see them boy dump off, just press (Baow, baow)  
Mask on my eyes, ain't no covid test  
On a lurk with the guys, might take your last breath

Spin and spin till they D-I-E  
I see them man chillin' with them man  
Now they don't like man, they both got spledged  
You don't wanna see this rambo free  
Rip tees, make mum scream R.I.P  
Talk all you want cah your friends won't save you  
How you think Perm's on the FYP?  
Score and score cah we don't concede  
Put smoke in the car like a 420  
Jump out, spill H2O  
Try blow he's too slow so I tagged with bro  
Like yo on folks, \*\*\*\* gotta go  
Splashed down \*\*\*\* ages ago

And the story stays untold  
Gang too grim, tryna reap man's soul  
If it weren't me, then it's definitely bro

Protect your chest  
He did and went and got his face cut  
It was way too late when they made us  
OSG are the niggas that raised us  
\*\*\*\* got bined for their friend, you couldn't blame us  
They turned us sav' when they trained us  
Stupid fool never knew I had my blade tucked  
Bait on cam, I left the scene taped up  
I would never know how I bussed that case  
My SAD's got three in a day  
Should've been five, but two got away  
Ask about my boots been laced  
I slapped corn on many estates  
I let that bang like I started a race  
Many times I did it on the Raq  
That was trainin' days

Fuck chest, protect your body  
My young boy live in the ride with the botty  
Tryna turn man biscotti  
Shotgun old, it's snotty  
It come old like dotty  
I never finished colly  
I wanted a PHD in the trap  
I had packs of each, not molly  
Outside, tryna step with sticks  
I was limp'in', yeah, they thought I was an old man  
Two 44's, tryna step, or the glee, you know the program  
Kway back on the lead, tryna slap some lead  
Nothin' ain't changed from kway  
My young boys slide, slide  
Tryna turn a white tee red
