

Celebrate

I've got a back pocket full of riffs  
If you stick around I'll let you see them all  
'Cause some fires can't be unlit

Celebrate

Love is a fickle beast with fiscal immunities  
Should I get out before I drown?  
Do you kiss your mother with that ugly mouth?

Celebrate

We are one and the same  
I think we sing the very same song  
We are one and the same  
I think we sing the very same song

We're just bones and teeth  
We're just bones and teeth  
We're just bones and teeth  
We're just bones and teeth

Oh, honey

You just love me for my riffs  
Come on

We've got plenty of time for death  
In a later-on episode  
But for now it's just time to dance  
Celebrate

I don't claim to have the answers all  
I might disagree when I'm dead and gone  
But for now the old saying goes  
You gotta do what you love the most

Celebrate

We are one and the same  
I think we sing the very same song  
We are one and the same  
I think we sing the very same song

We're just bones and teeth  
We're just bones and teeth  
We're just bones and teeth  
We're just bones and teeth

I got the feeling that I can't go home  
But I can't go out and I cannot stay here  
I got the feeling that I can't go home  
I can't go out and I cannot stay here  
I got the feeling that I can't go home  
But I can't go out, I cannot stay here  
I got the feeling that I can't go home  
I got the feeling that I can't go

We're just bones and teeth  
That's a record
