

## The Captains Sat

'68

Dancing in a selfish act  
They're all waiting for the chorus to drop  
Oh, precious one  
An echo of a bright star  
An echo of great  
Hey, for what it's worth I'm down on the ground  
Trying to keep it top shelf  
Trying to keep it all afloat

Yeah, it's dangerous  
Now repeat after me

The worst is to come  
When art is playing it safe  
When it follows the crowd  
When it's copied and paste

Yeah, it's dangerous  
Now repeat after me

Yeah, it's dangerous  
Now repeat after me

Hey, let's shake everything  
Let's move heaven and earth  
Let's fly too close to the sun  
There's so much more I could say

Oh, it's dangerous  
Now repeat after me
