

The Workers Are Few

'68

Check!
In 100 hours, I'll fade away
I was better off, yesterday
Maybe I'll disagree
Maybe I can't stay away
Gunsmoke, and now we're gone
We've overstayed our welcome
It's greater now than it's ever been
But at 12:01 it'll be gone again

I'm one life away
From everywhere that I want to be
When can I see you again?
I don't know if I ever will

I'm afraid, so are you
A little help is overdue
I'm never done, mentally
Lemon law? Predictably

I'm one life away
From everywhere that I want to be
When can I see you again?
I don't know if I ever will
I'm one life away
From anywhere that I want to be
When can I see you again?
I don't know if I ever will

Can I see you again
See you again
Can I see you again
Ah!
This is just a rest
Give it time
Because it's only in your mind

I'm afraid, so are you
A little help is overdue
I'm never done, mentally
Lemon law? Predictably, hey!

I'm one life away
From everywhere that I want to be
When can I see you again?
I don't know if I ever will
I'm one life away
From anywhere that I want to be
When can I see you again?
Oh, I don't know if I ever will
