

Track 10 .

'68

Barricade all of your fears
And we'll speak to you the truth
And if'n you can't teach me to fly
By God teach me to sing

Heaven sent, as I watch the clouds
Swallow me whole
The honky tonks have saved my heart
They saved my soul

Sail on...
Though she knows not of your face
The sea is a raging mistress
And Fear is her maiden name

Hesitation
Figure it out
Step up to the fields of the distractions
Brace yourself, for I am the overgrown
Brace yourself
We've got nowhere to go but we are all dressed up

40 days alive
We watched it all rise
My thoughts
My heart is
My fear is
My treasure is
My life is
My path is
My get-to-the-point-don't-make-me-wait
Shake it up
I'm restless
Less dancing

Sail on...
Though she knows not of your face
The sea is a raging mistress
And Fear is her maiden name

I am the troubled waters, make no mistake
I am the troubled waters, make no mistake
I am the troubled waters, make no mistake
I am the troubled waters, make no mistake

So here I am
All the stars are aligned
Though I found you in a fortress
The stars are aligned
Here I am
Here I am
Here I am

So here I am
All the stars are aligned
Though I found you in a fortress
The stars are aligned

Here I am
Here I am
Here I am
Here I am
Here I am
