

Hop up out the Lyft, we're so drunk, we're so stupid  
Your bitch likes to suck, what a slut, and a rude bitch  
Shawty wanna fuck, don't give a fuck, I ain't new to this  
If you ain't about it, you get cut, you ain't true to this  
Pop another Addy, yeah, we love it how it makes us feel  
Fab in the club, you know everything we do is real  
Bitches wearing high heels, yeah, we go for the kill  
You should just quit, 'cause I know that you ain't for real

You're so fucking stupid  
Get the fuck out of my face  
Oh my God, you're such a fucking slut

All you do is talk, yeah, all you do is t-talk  
Come and give me top, yeah, come and give me t-top  
Bitch take off your top, then make that ass dr-drop  
Make that ass drop, make that ass dr-drop  
Know they wanna see me, yeah, I know they wanna see me, girl  
I be posted on the street with ruby, gems and shiny pearls  
I can be your toxic lover  
Die slow, then I'll make you suffer  
I've been down, but taking uppers  
Your bitch eat it up for supper

Okay wait, wait, wait, wait  
Is it true that Becky was talking shit about us in the back of the club?  
Oh my God, that fucking whore

Pull up to the show, I'm fucking faded, yeah, I'm high as fuck  
We don't forgive or forget, I guess you're out of luck  
Made me fucking throw up  
Yeah, I hit my glow up  
I ain't talking shit, but I'll leave you when I blow up  
Oh my God, why would you say that? It's haunting  
Sorry, it's the truth, baby, you're so exhausting  
Go ahead and cut yourself, I ain't ever coming back  
If you wanna die, take a pill and have a heart attack
