

Blow Up!

6arelyhuman

Blow this bitch up, oh yeah
Marry me Pröz
Blow this bitch up
Blow this bitch up now!

Just wanna see how you gon' hit the floor
It's like an explosion when we hit the door
We ain't leavin' 'til it's like after four
We can make the club blow up a little more

Don't get me wrong, I love the way that you're staring
I want you, and you want me, and that's apparent
You-you got the tight jeans, I love everything you wearin'
But you would look better with nothing, I swear it
Feel so good, when you touch all on my body
Turn my Shirley dirty baby, yeah we gettin' naughty
Look-l-l-l-look like an alien w-w-when I walk into the party (Party)
You tuggin' on my underwear, that's Ed Hardy (Hardy)

(Oh)
F-f-f-f-feelin' on me (Oh)
K-k-k-k-kamikaze (Oh)
D-d-d-die tonight (Oh)
We gonna blow this bitch up

Blow this bitch up
Blow this bitch up, oh yeah
Blow this bitch up
Blow this bitch up now!
Blow this bitch up
Blow this bitch up, oh yeah
Blow this bitch up
Blow this bitch up now!

Just wanna see how you gon' hit the floor
It's like an explosion when we hit the door
We ain't leavin' 'til it's like after four
We can make the club blow up a little more

I'm the bomb squad, hanging with the bombshells
Fuck the shit, they try to cancel me, they're incels
Play dumb to these hoes, but really I got intel
6arelyhuman school of sass, you got expelled
Feels so good, when you touch all on my body
Turn my Shirley dirty baby, yeah we gettin' naughty
Look-l-l-l-look like an alien w-w-when I walk into the party (Party)
You tuggin' on my underwear, that's Ed Hardy (Hardy)

(Oh)
F-f-f-f-feelin' on me (Oh)
K-k-k-k-kamikaze (Oh)
D-d-d-die tonight (Oh)
We gonna blow this bitch up

Blow this bitch up
Blow this bitch up, oh yeah
Blow this bitch up

Blow this bitch up now!
Blow this bitch up
Blow this bitch up, oh yeah
Blow this bitch up
Blow this bitch up now!

Just wanna see how you gon' hit the floor
It's like an explosion when we hit the door
We ain't leavin' 'til it's like after four
We can make the club blow up a little mo-
