

Decay

Ugh vexx

Late night convos, those hit the best
Push through the words when I feel so depressed
Eats me alive, can't go through with this stress
Living this life is like a stupid test
Where is the recipe, when I really need it?
I gave the best, but I still feel conceded
One hundred percent of my love, still defeated
Gave it to you, but I still feel mistreated

I spread my wings, I try to fly
Open my heart, [?]
So once this feeling, go away
Never feel it, on my own, decay
(Never feel it, on my own, decay)
Never feel it, on my own, decay

Late night, late night, late nigganigganigganigga
Late night, keeps me ali-i-i-i-i-i-i-i-
L-late night, late night, late nigganigganigganigga
L-late night, night, those hit the, those hit the
Best, best, be-be-best
Do it, do it, do it
Best, best, be-be-best
Do-o-o-o-o
Those hit the best, best, be-be-be
Do it, do it, do it
Best, best, be-be-be
Do-o-o-o-o
Those hit the best

Yeah, yeah, yeah, they hit the best
When they're sitting all around me, with racks on my chest
Tell you that I love you, now you're a [?]
Hurting in designer, that girl was always [?]
Yeah, yeah, yeah
It's starts to decay when I [?]

Yeah, yeah, yeah

Oh, where you going?
No, leave the light on
I don't ever wanna
See you cry, oh
I don't ever wanna
Say "Goodnight", oh, o-o-o-oh
Live's turning ba-ba-back
I don't need no pa-pa-pack
When is my last? Yeah
Live's turning ba-ba-back
I don't need no pack, yeah
When is my last?
Yeah, yeah, yeah

I spread my wings, I try to fly
Open my heart, [?]

So once this feeling, go away
Never feel it, on my own, decay
(Never feel it, on my own, decay)

Late night, late night, late nigganigganigganigga
Late night, keeps me ali-i-i-i-i-i-i-
L-late night, late night, late nigganigganigganigga
L-late night, night, those hit the, those hit the
Best, best, be-be-best
Do it, do it, do it
Best, best, be-be-best
Do-o-o-o
Those hit the best, best, be-be-be
Do it, do it, do it
Best, best, be-be-be
Do-o-o-o
Those hit the best
