You said that you like me, well baby girl, I can tell you do  
They really hate me because they don't tell themself the truth  
I'm really pretty and gross  
They hate that I do the most  
They rather lie on a post  
I see you think it's a joke  
I'll lick the blood off your throat  
Violence is the best way to cope  
Only way I know

I make some money  
And everybody knows [?]

You know we get disgusting  
You know we get disgusting  
You know we get disgusting  
You know we get disgusting

Like I get digital, my body's touchscreen  
It's just a miracle, we ain't fucking  
You're just so typical, it's disgusting  
I'm disgusting, you're disgusting  
Like I get digital, my body's touchscreen  
It's just a miracle, we ain't fucking  
You're just so typical, it's disgusting  
I'm disgusting, you're disgusting

You think I'm gross, you think I'm dumb, this shit is really funny  
I know what I am doing, it ain't dumb, I'm getting money  
Every time I pull a look, I ain't fuckin' lucky  
Every time I pull a look, I ain't fuckin' lucky

I just said hello, no kitty  
I'm just cute, witty, extra pretty  
I'm a skinny lil' bad bitty  
I want twenty, bitch, like fifty  
I'ma bad-bad, I just got a lil' older  
I carry bitches, I can feel on my shoulder  
I'm smokin' sticky icky, tell from the odor  
I'll read you down, I'm keeping tabs in my folder  
I'm tryna be the one that's posed on a poster  
Posed on a poster  
Posed on a poster

Like I get digital, my body's touchscreen  
It's just a miracle, we ain't fucking  
You're just so typical, it's disgusting  
I'm disgusting, you're disgusting  
Like I get digital, my body's touchscreen  
It's just a miracle, we ain't fucking  
You're just so typical, it's disgusting  
I'm disgusting, you're disgusting
