

I'm a fucking star!
Three, two, one, go-o-o-o

I was born to be a star, I was made to shine so bright
And I knew it in the cradle, that I will go, go so far
I was born to be a star, they said that I am bizarre
Now I'm pretty, I'm gorgeous, and just look at who you are

Exceeding your expectations, in the daily's conversations
Let 'em talk about it more, let 'em talk about this whore
Would you like to fuck me ha-a-a-ard?
It's because I'm a fucking sta-a-ar
(A-a-a-a-a-ard)

I'm a selfmade runway queen, I'm not just a mannequin
And I'm gonna walk so far, just because I'm a fucking star
Now the whole world scream my name
'Cause all I wanted was fame, and I'm gonna walk so far
Just because I'm a fucking star, would you like to fuck me hard?
Hard, hard, ha-ha-hard

I step inside the club with Givenchy shades
And I look to the left, they all know my name
I'm a sassy popstar, love the fame
They all drool at the mouth for my accolades
I'm a star in the flesh
So much better than the rest, and I stay so clean
Know these bitches stay pressed
I'm a starfucker, lip sucker
Baby I'm a mean, mean mugger
Bad bitch androgynous
Do you have some common sense?
It's me and my girl Britney fucking it some more (Oh yeah!)
Pussy stunt though the streets, pussy stunt through the door
You can say you hate us not, but your dad beg us for more
And we're famous forever, get them hyped you stay bored

I'm a selfmade runway queen, I'm not just a mannequin
And I'm gonna walk so far, just because I'm a fucking star
Now the whole world scream my name
'Cause all I wanted was fame, and I'm gonna walk so far
Just because I'm a fucking star, would you like to fuck me hard?
Hard, hard, ha-ha-hard

I'm a fucking star!
