

Green Dotz

6arelyhuman

I'm a pull up on you with a green dot
In the backseat, I'll be here
I'm on a good shit, I can't fucking see clear
Now I'm feeling, now I don't really end it
I wanna found she right down
I've been in her bed sheets, don't throw my hands
Pull up out the biscuit, throw it in
I'm just be a hollow, need a friend

T-t-that's how, we'll be here
I took a shot at the bottom of the speaker
You get me high (Like a flower), sip glass (In Nirvana) (D-d-da), (A-a-a-a)
'Cause I earned that
I'm a pretty boy baby side by side (Bruh)
I-I-I'm a lighter, but I'm not a little asser
A-a-and when I get a bad girl, I swear to God
So, yeah, I ain't be asshole
Shut the fuck up little bitch yeah, I ain't even asked her

We coming through, and need a bitch we can't be choppers
And this shit feel like bitch, you can't even knock off
(Uh, uh, uh, uh)
Climbing in God, damn
Doing nothing yeah, I really need a fiddle
Fuck, all the henny, I really need my bills
Fuck it out my face yeah, I really cannot stay yeah
