

# HYPNOTIZED

6arelyhuman

Look so good they watching  
All blue pills in my wallet  
I'm so sick, can't stop it  
They call me hypnotic

Sexy, fresh, and poppin'  
Shut down when I'm walking  
I can get them talking  
They call me hypnotic

Hypnotized, hypnotized  
I, I, got you hypnotized, hypnotized, hypnotized  
I, I, got you hypnotized, hypnotized, hypnotized  
I, I, got you hypnotized, hypnotized, hypnotized  
I, I, got you hypnotized

Iced out, diamonds hypnotic  
Pendant with my wrist shining  
Neck froze, soul blinding  
Talk shit, have your hoe sliding

Iced out, diamonds hypnotic  
Pendant with my wrist shining  
Neck froze, soul blinding  
Talk shit, have your hoe sliding

Bad bitches know the name  
Way too rich with the racks  
She seen me hit the bank  
I seen her throw it back

Girl, I could hop on a plane  
I could hit anywhere  
Your boyfriend, he a lame now  
Let me know where you at

I caught you staring at me, baby, when I walk through the door  
It's the way that I move, keep you begging for more  
We keep on going, going, live in the moment, moment  
T-t-t-tonight we get it poppin', tomorrow we still be rolling

Look so good they watching  
All blue pills in my wallet  
I'm so sick, can't stop it  
They call me hypnotic

Sexy, fresh, and poppin'  
Shut down when I'm walking  
I can get them talking

Hypnotized, hypnotized  
I, I, got you hypnotized, hypnotized, hypnotized  
I, I, got you hypnotized, hypnotized, hypnotized  
I, I, got you hypnotized, hypnotized, hypnotized  
I, I, got you hypnotized
