It's like everywhere I go, I put on a show  
Such a pretty hoe  
These few things I know  
I know I know (Like bitch I know)  
Matter fact I know (I know I know)  
I know I know (Like bitch I know)  
Matter fact I know (I know)

It's like everywhere I go, I put on a show  
Such a pretty hoe  
These few things I know  
I know I know (Like bitch I know)  
Matter fact I know (I know I know)  
I know I know (Like bitch I know)

Skinny bitch still fuck up the moshpit  
Bloody Mary to the face, what's popping?  
Bet I get to the green, no goblin  
I ain't gonna stop till I'm sitting in a coffin  
Hair clips sittin pretty as they should  
Pull up to the party like "Miley what's good?"  
And I do what I want and you do what you could  
I be sitting outside with a big backwood

It's like everywhere I go, I put on a show  
Such a pretty hoe  
These few things I know  
I know I know (Like bitch I know)  
Matter fact I know (I know I know)  
I know I know (Like bitch I know)  
Matter fact I know (I know)
